PROFESSIONAL SUMMARY

Finance professional and consultant with **4+ years** of experience in financial modeling, valuation, and FP&A. I use AI tools (Cursor, ChatGPT) daily to build models, automate workflows, and accelerate analysis. Strong technical skills in Excel/VBA, Python, and SQL combined with clear professional writing. Track record of translating complex financial concepts into structured, actionable outputs for executive audiences.

PROFESSIONAL EXPERIENCE

Financial Strategist & Consultant | Independent Contractor | Seattle, WA | June 2024 – Present

- Drove **15-20% client returns** through financial modeling, variance analysis, and data-driven strategic recommendations
- Delivered **\$1.45M–\$1.75M business valuation** using EBITDA multiples and multi-scenario sensitivity analysis
- Built financial models using AI tools (Cursor, ChatGPT) to accelerate development and improve iteration speed
- Created executive dashboards and Board-ready presentations synthesizing complex financial data into clear narratives
- Automated CRM reporting workflows for **2,000+ accounts** using Salesforce, improving data accuracy by **30%**
- Designed structured financial analysis frameworks that break down ambiguous business problems into actionable steps

Business Manager & Financial Analyst | Thind Transport LLC | Kent, WA | June 2020 – June 2024

- Managed **\$500K+ annual budget** including monthly forecasting, variance analysis, and P&L reporting
- Built VBA-automated Excel dashboards reducing manual reporting time by **80%** using VLOOKUP, INDEX/MATCH, and Pivot Tables
- Created financial projections and scenario models to support strategic decision-making
- Reduced operational costs by **10%** through contract negotiations and data-driven vendor analysis
- Grew revenue portfolio by **33%** through market analysis and financial modeling
- Synthesized complex operational and financial data into clear reports for leadership review
