PROFESSIONAL SUMMARY

Finance professional with **4+ years** of experience in accounting workflows, process automation, and client-facing consulting. I use AI tools (Cursor, ChatGPT) daily to automate financial processes and accelerate analysis. Track record of building automation solutions that reduce manual work by 80% and training stakeholders on new systems. Strong ability to break down complex accounting processes into structured, automatable steps.

PROFESSIONAL EXPERIENCE

Financial Strategist & Consultant | Independent Contractor | Seattle, WA | June 2024 – Present

- Drove **15-20% client returns** through financial modeling, variance analysis, and data-driven recommendations
- Built financial models using AI tools (Cursor, ChatGPT) to accelerate development and automate repetitive tasks
- Automated CRM reporting workflows for **2,000+ accounts** using Salesforce, improving data accuracy by **30%**
- Led client training sessions on financial systems and reporting workflows, enabling adoption of new processes
- Created executive dashboards and documentation synthesizing complex financial data for stakeholder decision-making
- Decomposed ambiguous business problems into structured frameworks and automatable workflow steps

Business Manager & Financial Analyst | Thind Transport LLC | Kent, WA | June 2020 – June 2024

- Partnered with Accounting on **month-end close**, including journal entries, accruals, and account reconciliations
- Performed variance analysis versus budget and prior periods, identifying key drivers and trends
- **Automated financial reporting by 80%** using Excel VBA, reducing manual work and improving data accuracy
- Managed **$500K+ annual budget** including monthly forecasting and P&L reporting
- Documented financial processes and trained team members on automated reporting systems
- Collaborated cross-functionally with operations and leadership on financial data and reporting
